

Winter Solstice

Abide
For a moment
And you will feel
The warmth
Of Creator's hand
As He gently rotates the Earth
Toward Her longest day
Love

A crisp zephyr
Winnows Creation
As it revolves with
The Earth,
It is
His revivifying
Breath
Peace

Layer
Upon layer of
Gelid dust
Entwines
The World and,
Infused with His smile,
Becomes diamonds
Capering through
The blackness
Hope

Hallowed Solstice
Births a fresh year
Of
Hope

Peace

Love
