

The Best Is Coming

Poem by Loulou Salmon

Oh listen to me
The best is to come

You would like to see
Just one more time the sea
To breathe on
To feel on
Free
To dream on feel on
Free

Walking on the sand
Walking all around
It is all you need

You would like to see
Just one more time the sea
To breathe on
To feel on
Free
To dream on feel on
Free

Fighting with the wind
Fighting in a swing
It is all you need

Sweep away that tear
Throw away this fear
You wanted to be star
In the sky in the lights
Leaving your prints in Hollywood boulevard
You stand waiting a car
In the street in the nights
You are not the queen of all this haphazard

You would like to see
Just one more time the sea
To breathe on
To feel on
Free
To dream on feel on
Free

Oh listen to me
The best is to come
The best is coming
