Knowing the Risks I Dared

Knowing the risks I dared
Use my
Precious Energy
to travel
to the doctor
by tram

2 ½ years since she doctor said
“STOP”
Dreams of returning
to a life
humming along with
Family
Friends
Adventures
Teaching
Halted mid life

2 ½ years
Bound to my humble home
Resting
Waiting
Recharging
Trying to step beyond the bounds
Failing
Resting
Waiting
Recharging
Trying again to step beyond the bounds

How many more days on repeat?
