

# MARCH 8 - 12, 2021 CHRONIC DISEASE AWARENESS WEEK

## Your Voice Matters!

Chronic Disease Awareness Week is an opportunity to educate state legislators about critical issues related to living with or caring for someone with a chronic disease. This year, we will be scheduling virtual meetings and digital advocacy opportunities during the week of March 8th due to COVID-19. Please join advocates from across the state to share your story and be part of Colorado's united, leading voice on health care policy for the chronic disease community.
