

We don't have a copy of the form because we e-filed. I believe we had just a simple postcard because of our budget in 2017. If needed, I'm sure we can request some documentation from the IRS? Please see below.

Hi Will!

Can you send us a copy of the 990 you filed for our records?

Thanks!

Jen

Hey Jen,

I can't find anywhere on the site to get a copy of the postcard... you enter the information on the IRS.gov site rather than on a form through a tax program. But here's a screenshot of the filing confirmation:

Best,  
Will

I don't know if it matters but those are actually not the dates of our tax year. Laurie can explain.

I was not told that you used a fiscal year instead of a calendar year for your organizations. What are the dates?

No worries! We can't make an amendment after the postcard has been submitted, but the IRS says to just make any corrections when you submit the following year. 990-N postcards are specific to calendar years, so depending on what Laurie says, it's possible that the submission was already correct. Either way, though, it should be fine.

Have a good weekend!

Will

Laurie, can you please confirm with Will the dates of our fiscal year? This will need to be corrected the next year that we file.
